OUTLINES.

William J. Bryan upon his arrival home last night was accorded the greatest demonstration in the history of Lincoln by his fellow townsmen. It was non-partisan in character and was participated in by Democrats and Republicans alike——John W. Kern ended his campaign labors with a short tour in Ohio yesterday, and a final speech at Toledo last night, where he made a strong appeal to labor——Chairmen Mack and Hitchcock are standing by their former estimates of 333 for Bryan and 324 for Taft——Bryan left Chicago Sunday night for a tour of Kansas yesterday, to reach home last night. He still claimed he would have electoral votes to spare——Bryan closed the campaign by a tour of the State of Kansas yesterday, making his last speech at Marysville, where he made a terrible arraignment of the Republican party and of the methods of its leaders——Taft closed his campaign with three speeches in Youngstown, Ohio, yesterday and went to Cincinnati to vote——Federal Supreme Court set Dec. 7th as the time to hear the case of the negro Reid, one of the Brownsville soldiers who has sued for his pay——At the Navy Department bids for building eight submarine boats were opened yesterday——The weather bureau predicts fair weather for today in all the States but eleven, North Carolina being one of the eleven——New York markets: Flour quiet and about steady. Wheat easy, No. 2 red 1.08 5-8 to 1.08 7-8 elevator. Corn steady, No. 2, 77 nominal elevator. Oats steady, mixed 52 to 52 1-2. Rosin steady. Turpentine quiet. Cotton quiet, 5 points advance, middling uplands 9.40, middling gulf 9.65. Money on call steady at 1 1-4 to 2 per cent, ruling rate 1 3-4, closing bid 1, offered at 1.

North Carolina expects every Democrat to do his duty today.

Vote early and then join in the fun of the Elksfest. Business before pleasure.

All together today, New Hanover Democrats, and give our ticket the biggest majority ever received in this county.

You Democrats who do not take enough interest in the result of today's election to go to the polls and vote the full ticket will live to regret it.

Election odds are heavily in favor of Taft. At the same point in the campaign of 1892, the odds were as heavily in favor of Harrison, who sustained a tremendous defeat.

When the votes are counted J. Elwood Cox will find that he has been mighty badly fooled by those fellows who have been talking about being tired of voting for so-called professional politicians.

The State officials of Tennessee are doing their full duty in the night-rider matter. It remains to be seen how the jurors will do theirs. If there is a miscarriage of justice it will lie at their doors.

Don't split your ticket, you Democrats of New Hanover. Don't scratch the names of any of the men your party has nominated. To do so is to give a half vote to the Republican party's nominee.

The Republicans are making a hard fight on Hackett in the Eighth congressional district and on Crawford in the Tenth; but it will avail nothing. Our State will have a solid Democratic delegation in the next Congress.

Remember today that Bryan is the candidate of the people against the representatives of trusts and monopolies which have amassed fabulous fortunes out of the people through the Republican high tariff laws.

The Asheville citizen boasts that in Buncombe county at this time there can be seen cotton in the fields untouched by frost and strawberries ripening in the open air. Isn't North Carolina a great State and Buncombe a great county?

According to the Gazette-News, of Asheville, the people of that city are looking forward with pleasure to the entertainment of Judge Taft after the election, "without regard to election results." With the Republicans of that city it will be sort of a consolation affair.

Those men whom the Democrats of our county have honored with nominations should make it their business to see that a full vote is polled today. This is a duty they owe to the men who nominated them. The party wants more than a bare majority and it is their duty to help roll up a big vote.

ELKSFEST OPENING

Big Fall Festa Began in a Blaze of Glory Out at Elksplaz Last Night.

FORMAL EXERCISES TONIGHT

Many Shows on Grounds and Others Arriving on Every Train—Grand Civic and Floral Parade This Afternoon.

With the bleat of the squedunk, the plaint of the hurdy-gurdy, the swish of confetti, the roar of numerous megaphones, the music from three bands and three times the number of street organs, the Elksfest opened in a blaze of electric and color at Elksplaz, Seventeenth and Princess streets, last night at 8 o'clock.

Although not all of the shows have yet arrived, the grounds were thronged with people early in the evening and the cool, bracing atmosphre gave a zest and a tang to the feeling of humanity that made the opening in every way a success. Formal exercises had been arranged in honor of the opening last night, but the programme was so incomplete that it was decided to postpone these until 7:30 o'clock this evening. The Post Artillery Band, of Fort Caswell, arrived yesterday and will spend the week with the Elksfest management. It gave numerous open-air concerts in the city and at the grounds last night, infusing the carnival spirit wherever it was heard. The outlook is exceedingly bright for a most successful exhibition.

A very convenient midway has been laid out on the grounds and this is already well filled with shows to say nothing of the arrivals today. First to the left entering the grounds will be found Lamont's Dog, Monkey and Cat Circus. Next is an aerial swing or ocean wave that is a radical departure from the ordinary Ferris wheel or riding gallery; then comes the Fairyland Show and next one of the meritorious attractions on the grounds—Kojan & Eberts World Famous curiosities. Then next in the semi-circle comes Buckskin Bill's Wild West Shows. This is possibly the largest attraction on the grounds and the show is given in an open arena around which have been arranged splendid seating capacity. A typical wild west show is given, riding, lassoing, and a clever stunt by dogs and ponies of which the show carries a large number. The wife of the proprietor of this show is a cousin of Mrs. William Sheehan and a niece of Mr. James Eilers, both of this city. They come from Indiana and have a great show including a uniformed band and other big features. Next to the Buckskin Show are the Aztec Twins and then facing north on the other side of the circle will be found the great Ferarri's Trained Wild Animal Show, which needs no commendation when the name is recalled. Next comes the Midget Russian Prince, who was a prime favorite on the grounds last night. Then passing on, the visitor finds Theo, an electrical theatre of great beauty, presenting one of the handsomest fronts on the grounds. Then comes "Little Eva" said to tip the beam at something over 600. There are in addition to these an almost countless number of palmistry parlors, cane racks, confetti stands and other concession booths. The shows last night all seemed to give fine satisfaction and were pronounced clean and first class in every particular.

Space has been reserved on the midway for the big tent for the Elks Society Circus, the canvas for which arrived only yesterday. Boss Canvassman B. B. Jackson had his force on the grounds early and will have everything in readiness for this big show on Wednesday, following the parade which will take place Wednesday afternoon at 3 o'clock.

In deference to many colored people who would like to see the shows the Elkfest management has set apart Saturday and Saturday night for them. They will be welcome to visit the grounds at that time

Civic and Floral Parade.

The big feature of today and for the week, for that matter, will be the grand civic and floral parade today, starting from the City Hall at 3 P. M. The parade will form at the City Hall and will be headed by the mounted police with Marshal Metts and McMillan; then in their order will come the Post Artillery Band, cow boys and cow girls from Buckskin Bill's Wild West Show; Pony Cart, Columbia and Uncle Sam; Gold Dust Twins on ponies: decorated pony carts; Cape Fear Academy students; Tribe of Indian Children; decorated cart drawn by six boys; bicycle brigade; baby carriage section, kindergarten schools in autos; Pioneer Playground Float, Immanuel Presbyterian Church; Chapel of Good Shepherd Float; Delgado School and Mission in autos; Miss Alderman's Select School; New North and New South Float; High School Float with 21 children; Hemenway School Float; Union School and Domestic Science Floats; Red Cross Society in autos; Daughters of Confederacy children in auto; decorated carriages; Woodmen of the World Float; Fraternal Order of Eagles; Knights of Pythias, Red Men; Odd Fellows; Wilmington Steam Laundry, Astyptodyne Float; Platt & Haar, the "Little Store"; Will Rehder, Florist; Wilmington Floats; Schaffer Company's Float; City Laundry Floats; Cottolene Company display; Chadbourn Sash & Blind Co.; Independent Ice Company; Pepsi Cola Bottling Works, Cocoa Cola Bottling Works, Wilmington Bird Company; Decorated Autos, Fire Department and others. The parade will move along the route given elsewhere in today's paper. In addition to the Fort Caswell Band Buckskin Bill's and the Ferarri bands

THE FLORAL PARADE.

The committee to judge floats in the civic and floral parade of the Elksfest today are requested to meet at corner of Front and Chesnut streets at 3 o'clock this afternoon where a reviewing stand will be erected. The committee is composed of Messrs. A. D. Brown, R. C. Platt, A. L. Price, E. C. Moore, Geo. O. Gaylord, Miss Sarah Gardner and Miss Bessie Felton.

By order of the Committee,
WILL REHDER, Chairman.

All floats and other divisions of the parade are required to be in line at the City Hall promptly at 2:30 o'clock in order that same may move promptly at 3 P. M.

BLACK MENACE

To Goldbugs, Taft Democrats, Taftites, Distinguished Citizens, Independent Voters and What Nots:

Are you going to cast your vote for the enforcement of the Thirteenth, Fourteenth and Fifteenth Amendments?

THE REPUBLICAN PLATFORM contains the following plank:

"We declare once more and without reservation for the enforcement of the letter and spirit of the thirteenth, fourteenth and fifteenth amendments to the Constitution, which are designed for the advancement and protection of the negro, and we condemn all devices which have for their real aims his disfranchisement for reasons of color alone, as unfair, un-American and repugnant to the supreme law of the land."

In his speech of acceptance of the Republican nomination Mr. Taft said:

"The Republican platform refers to those amendments to the Constitution that were passed by the Republican party for the protection of the negro. * * * It is needless to state that I stand with my party squarely on that plank in the platform. * * * "

Are you going to cast your vote for the Republican party, which is pledged to cut down the South's Representation? Read this:

The following is section 14 of the Crumpacker bill:

"THAT FOR THE PURPOSE OF ENABLING CONGRESS TO APPORTION REPRESENTATIVES AMONG TH ESEVERAL STATES IN ACCORDANCE WITH THE PLAN PROVIDED IN THE SECOND SECTION OF THE FOURTEENTH AMENDMENT OF THE CONSTITUTION, the Director of the Census, as soon as practicable after each decennial census of population, shall submit to Congress a report of the population by States as shown by such census, which report shall show the number of male citizens, white and colored, respectively, in each State, twenty-one years of age and over, the number of such male citizens in each State found to be illiterate, the number of votes cast by male citizens, in each congressional district at the last preceding general election, the number of such male citizens in each State that had not complied with the registration and election laws therein requiring the payment of a poll tax or property tax as a condition precedent to the right to register or vote, and the number of such male citizens in each State to whom the right to vote at any election for the choice of electors for President and Vice President of the United States, Representatives in Congress, the executive and Judicial offices of the State or members of the Legislature thereof, has been denied or IN ANY WAY ABRIDGED EXCEPT FOR PARTICIPATION IN CRIME."

President Roosevelt appointed the negro Crum Collector of the Port of Charleston, S. C., and held all legislation at a standstill, demanding his confirmation by the Senate, TAFT IS PLEDGED TO CARRY OUT "MY POLICIES."

President Roosevelt appointed a negro postmistress in a Mississippi town and closed the office, making white people go ten miles for their mail because the white people refused to have the negress thrust upon them. TAFT IS PLEDGED TO CARRY OUT "MY POLICIES."

Days of Danger not Passed—Republican Present Day Intentions Disclosed in Their 1908 Campaign Text-Book.

The days of fright have not passed. The race question is not settled. It will continue to be a burning political question (asset if you choose) so long as Federal Congresses and Republican executives persist in keeping the negro to the front, holding out promises and granting favors.

The Republican attitude has the inevitable and unalterable effect of encouraging the negro to dangerous thought and action and to unspeakable ambition and desire!

The Republican platform declaration and the solemn pledge of the Republican candidate are printed above, but that is not all. Out of their own campaign text-book (1908) the Republicans are condemned. Ten solid pages of small type deal exclusively with the negro question (pages 297-306). This document quotes with condemnation the suffrage laws of every Southern State which has sought to eliminate the negro as a voter. It quotes the laws of all the Southern States that have Jim Crow car legislation, and condemns this separation of the races. One paragraph reads:

"Recently a number of Afro-American bishops, ministers, doctors, lawyers and other prominent men visited the White House and called the attention of President Roosevelt to the condition of affairs on the Southern railroads, and he at once directed the Interstate Commerce Commission to institute proceedings against the roads and compel them to furnish equal accommodations."

This Republican text-book—the ten pages of it to which we have called attention—should be read by every Southern voter, especially by every so-called Independent voter, before he casts his vote for a party so hostile—hostile now—to this Southern section of the country in a matter vital to our white civilization.

The Republican book recites the fact that 13,978 negroes are in the Government service, drawing salaries aggregating $8,032,355, and adds: **"THE NUMBER OF AFRO-AMERICANS IN THE SERVICE OF THE GOVERNMENT, EXCLUSIVE OF THE ARMY AND NAVY, HAS MORE THAN DOUBLED IN THE LAST FOUR YEARS OF THE ROOSEVELT ADMINISTRATION, AND AGGREGATE PAY HAS INCREASED FROM $3,000,000 IN 1904 TO $8,000,000 IN 1908."**

Real Danger Is the Misleading of Black Population; the Encouragement of the Negro to a False conception of His Place.

A copartnership between the white men of wealth and influence and the negro on one side, as opposed to the middle class and poor white people of the South on the other, will mean inevitably that the negro will be inclined to further arrogance and aggressiveness, and will further intensify race feeling and lawless outbreaks. Between the negro and "the poor white" the feeling has ever been bitterly hostile. With the wealthy Southern white men voting with the national party that set him free, the logical outcome will be the encouragement of the negro to defy, insult and outrage the less defenseless middle and under classes of whites.

This negro question is too dangerous to trifle with, and no part of our Southern, white race can afford, in justice to our white brother, to abandon the fortress and protection of the Solid South.

Every Southern white vote should be cast for William Jennings Bryan, who said in a speech in New York:

"The white man in the South has disfranchised the negro in self-protection; and there is not a Republican in the North who would not have done the same thing under the same circumstances. The white men of the South are determined that the negro will and shall be disfranchised everywhere it is necessary to prevent the recurrence of the horrors of carpetbag rule."

—Mrs. N. B. Futrell and little daughter, Ella Belle, left last evening for Philadelphia, where they will spend some time visiting relatives and friends.

IN REGULAR SESSION

Board of County Commissioners Yesterday Largely Engaged With Routine Business.

USUAL MONTHLY REPORTS

Block Book Completed and Turned Over to Register of Deeds—Jurors Drawn For December Term of Civil Court.

The Board of County Commissioners was in regular monthly session yesterday afternoon at the Court House, but the business transacted was largely routine and unimportant. A large number of taxation matters were considered and passed upon, the usual monthly reports were submitted and jurors were drawn for the one-week term of civil court to be held in December.

There were present at the meeting Chairman McEachern and Messrs. Vollers, Robertson and Divine. Geo. L. Peschau, Esq., appeared before the Board and was granted exemption of taxes on attractions for the Owls' festival to be held in Wilmington during the month of November. Walter Farrow's tax list was amended to show two hogs instead of two dogs as erroneously listed. Taxes charged against George Smith on 83 acres of land was abated, the same being also charged against the heirs of Joe Smith. Tax list of J. J. Piner was ordered changed to conform to the assessment. Application of S. A. Schloss to be relieved of assessment on property recently purchased on North Fourth street on the ground that the residence was not habitable on the first day of June, was referred back to the assessors for further consideration. Crelical error of $1,750 on assessment of property of B. H. Marshall was ordered corrected and the whole assessment was made $3,050 in accordance with the recommendation of the assessors. Similar errors as to property of T. B. Willard and E. P. Willard in South Wilmington were also corrected to conform to the assessment. Upon satisfactory excuse double tax on Thomas Edwards was reduced to single tax.

Road Superintendent Hocutt reported the use of 58 cars of rock on Masonboro road, half mile of which was completed and three-fourths of a mile graded. Six cars of rock were furnished to the city. The work was done by 20 convicts and 12 carts. Work of repairing Wrightsville turnpike is now in progress. The convict force consists of 92 men and five days were lost on account of rain; 134 days out of 2,492 were lost on account of sickness in the camp during the month. The county line fence was reported in bad condition and the superintendent was instructed to ascertain the repairs needed in order that bids for the work may be called for.

Mr. M. S. Willard appeared before the Board in behalf of the Suburban Land Company, in South Wilmington, protesting against an increase of the assessment from $1,500 to $4,000, which seems to be an error for that part of the property lying outside of Wilmington. The assessment was made same as last year.

The Superintendent of Health reported four cases of diphtheria and two of typhoid fever during the month. One case of pneumonia at the camp a case of fever at the convict quarters at the County Home and several chills in the convict camp, constituted the sickness in all the institutions, which were reported in good sanitary condition. Ninety-eight patients were treated in the office and 18 were visited at their homes. The Superintendent verbally reported that the jail was in the best sanitary condition he ever knew and explained why the grand juries always see the prison under worst possible conditions while prisoners are constantly being brought in and out during court week.

A communication was read from Chairman George Rountree, of the County Board of Education, stating that the Board would be very glad to have the school fund included in the public audit of all the books of the county.

The Register of Deeds reported the issuance of 33 marriage licenses, 12 whites and 21 colored, during the month.

Supt. Hardee reported 11 colored and 7 white patients; 5 white and 30 colored convicts, in the institution during the month.

Col. Jno. D. Taylor, Clerk of the Superior Court, reported the collection of $26.35 in fines and forfeitures during the month. The monthly report of the Sheriff as to supplies at the jail was read and referred to the Public Building Committee.

E. J. W. Anders was appointed to survey certain lands for Chas. Tietgen in Harnett township.

Commissioner Robertson reported that the Road Committee had investigated the petition to adopt as a public road a thoroughfare leading from the Castle Hayne turnpike to the Rock Hill landing. The committee recommended that the road to the Rose Hill landing be adopted but no action was taken, pending further conference with the parties interested.

Contract for feed for county live stock was awarded to Jno. S. McEach-

CAMPAIGN IS CLOSED

Final Rally of New Hanover Democrats Held Last Night in Court House.

FULL VOTE IS WATCHWORD

Polls Open Today at Sunrise and Close at Sunset—Chairman Furlong Confident of Approximately 3,000 Majority.

It's all over but the shouting!

At least it will be over at sunset today. The polls for the general election in New Hanover will open at sunrise this morning, 6:34 A. M., and close at sunset 5:18 P. M.

What the country is expecting over the United States is told in the telegraphic columns of the Star this morning. What New Hanover expects today was told at a final big rally of the Bryan and Kitchin Club last night in the Court House. Chairman Furlong stated that he is expecting not less than 3,000 majority for the Democratic ticket and if every man who is registered will do his duty the majority will be even larger than that.

At the final rally last night President Cameron F. MacRae presided and enthusiastic speeches were made by Col. Geo. L. Morton, Hon. John D. Bellamy, Mr. J. A. Taylor, Mr. Geo. Rountree, Mr. Marsden Bellamy, Mr. Herbert McClammy, Mr. Timothy Donlan, Mr. J. O. Carr and many others. All these addresses were clarion calls to duty and it is believed that the latent Democratic strength of New Hanover will manifest itself at the polls today in a manner it has not done before since 1898. Mr. McClammy in his address last night scored heavily the party nominees for not manifesting a greater interest in getting the voters to the polls, saying that if these candidates would manifest half the zeal they show on primary days, there would be no doubt of the result. The remarks of the speaker along this line were liberally applauded and it is hoped there will be no cause for complaint from the party standard bearers today.

The boxes were all sent to the polling places yesterday afternoon, there being four boxes at each precinct for National, State, Congressional and county officers. Chairman Furlong advises that all voters scan their ballots carefully as "eternal vigilance is the price of liberty." Bogus tickets frequently make their appearance on election day and today is expected to be no exception.

Election bulletins will be displayed by stereopticon from the Star office tonight, beginning about 8 o'clock and the friends of the paper and the public generally is invited to come down and read them. These bulletins will be displayed through the courtesy of Messrs. Howard & Wells, proprietors of the Bijou and will be the latest and most complete to be had on any wire or wires.

AGED CITIZEN DEAD.

Mr. Samuel Bennett Passed Away on Sunday Afternoon.

His many friends in the city will learn with sorrow of the death of Mr. Samuel Bennett, which occurred at his home, No. 707 North Fifth street Sunday afternoon. Mr. Bennett has been in failing health for some time and due to his advanced age, the end did not come unexpectedly. He was 73 years of age and his wife is the only surviving member of the immediate family. The funeral was conducted from the home yesterday afternoon at 2 o'clock, and shortly afterwards the remains were conveyed to the depot and sent to Morehead City, where they will be interred today.

Nine Cases in Mayor's Court.

Nine defendants on various charges, most of which were frivolous, comprised the docket at the session of the police court yesterday. Sam Julian, colored, for being drunk and disorderly, was given 30 days on the public roads, and J. R. Sprigle, colored, for vagrancy, was found not guilty. Frank and Tom Brown, brothers, for an affray, were tried and the former was fined $5 and the costs and the latter was given 30 days on the road and judgment was suspended on good behavior.

REELFOOT LAKE.

Many people who have read of the lynching of Captain Rankin by the Reelfoot Lake night-riders, no doubt, are under the impression that this crime was the result of the purchasers of the lake and of the surrounding territory putting a stop to the people of the neighborhood fishing in the lake for amusement or to supply themselves with a mess of fresh fish occasionally. This was not the case however. The fishing there was of far more importance. A great many people in that section made their living by fishing in the lake and hunting in the surrounding forests. They supplied the markets in many cities of a large section of the country. Fish from this lake are much sought after in the cities of Tennessee and in others at much greater distance, being shipped as far north at times as Chicago and Pittsburg.

While these facts do not at all justify the conduct of the men who undertook to assassinate those who had bought up the lake and the forests thereabouts and tried to put a stop to general fishing and hunting, they show that the murderers did not commit their lawless deeds just because they had been deprived of the pleasure of catching a few fish in those waters.

While so much excitement is centering around Reelfoot lake, statements showing the peculiar manner in which this body of water was formed may be of interest to our readers. The following is found in the "Geology of Tennessee:"

"Prior to the earthquake of 1811-12, the lake had no existence, and its origin appears to be due to the filling up of the old channel of Reelfoot creek during the convulsions of that period. This dammed up the water that before ran without obstruction into the Mississippi, until it overflowed a large area and formed the lake as we now find it."

A further discription of the lake and of its formation is found in Col. J. B. Killebrew's "Resources of Tennessee" as follows:

"At the same time that the old channel of Reelfoot creek was dammed up, it is supposed that the area of country now covered by the lake sunk several feet, and that this depression was gradually filled with the water which was prevented from flowing into the Mississippi. To any one who will visit this lake, this theory will not seem unreasonable, for it is an indisputable fact that the bed of the lake in some places is not less than twenty, or even thirty, feet below the level of the surrounding country.

"Indeed, the trunks of dead trees, which even now stand thickly over a greater portion of the lake, abundantly confirm this view, as upon examination, their roots are often found to be from ten to thirty feet below the surface of the water. The lake is a favorite resort of wild fowl which are killed in great numbers in season and shipped to the cities in that section of the country."

OHIO AND THE RESULT.

Keep your ear to the ground today for election news from Ohio. As will go Ohio so will be the majority in the electoral college, says the Washington Post, which is an "independent" paper, pulling for Taft with all its might. In an editorial in Saturday's issue of that paper under the heading "Election Prognostications," based on what it quotes from Josephus Daniels saying that Bryan is as sure to carry Ohio as he is to carry Nebraska, the Post makes this declaration:

"On one thing we may depend, and that is, that if Mr. Bryan shall get the vote of Ohio in the college of the electors it is safe to speculate that he will succeed Mr. Roosevelt as President of the United States. As goes Ohio, so goes the middle West. That is a horoscope that has been defeated but twice since the advent of the Republican party into our politics, and defeat is too strong a term to employ in that connection, for in 1856 both Michigan and Wisconsin joined Ohio for Fremont, and in 1892 Ohio very nearly (and partially did) joined Indiana, Illinois, and Wisconsin for Cleveland, as did Michigan, that then chose electors by congressional districts."

Some of the Post's readers may put no faith in its "prognostications," but it gives facts from past presidential election records to show that there is something in the position it has taken in regard to the Ohio vote. In these circumstances what the Democrats would like for the Post to have told them is how Ohio is going. If they knew that there would be more certainty according to the Post as to who will be the next President of the country. But then the people can afford to wait the few hours now necessary to determine that fact. We suppose that the result of the election will be known by 12 o'clock tonight. This will surely be the case unless the vote is very close in several of the pivoltal States. As soon as it is known how New York, Indiana and Ohio have gone the result for the country will be pretty accurately ascertained.

BALTIMORE SUN.

Considering its claims to independence in politics the Baltimore Sun is the most unfair of all the anti-Bryan papers that come under our observation. Editorially, its course is tricky and contemptible, and its news columns are partial to Taft and Sherman. Even its Associated Press reports are changed to give them a Taft flavor. When Bryan spoke at Ann Arbor, Michigan, the Associated Press dispatch said the crowd that greeted him numbered 15,000; but the telegraph editor of the Sun changed it to "several" thousand. The same dispatch said he went to Detroit, Michigan, where 30,000 assembled to welcome him; but the Baltimore Sunpaper omitted the figures. This is a sample of the methods of the Sun to place Maryland in the hands of the Republicans.

But, having forfeited all claims to being either Democratic or Independent, the Sun is now fighting for itself as well as for Taft and "my policies." It knows that if Bryan carries Maryland its prestige is gone and that hereafter it will be recognized as a straight (or crooked) Republican organ.

The World's Work for November is a most interesting and instructive number. The reading of "The March of Events, an Editorial Interpolation" will post one on important happenings of the day in all matters now engrossing public attention. Robert W. Vincent has an article on "Successful Immigration in the South." Among the other interesting articles are "The Contest for Ocean Supremacy" by Lawrence Perry; "Japan Winning the Pacific," by Edwin G. Bogart; "The Guaranty of Bank Deposits." Then there is another installment of John D. Rockefeller's "Random Reminiscences of Men and Events." This issue is profusely and handsomely illustrated. Published by Doubleday, Page & Co of New York at three dollars a year or 25 cents a copy.

"Nver in the history of the society and probably never in the history of the institution, has there transpired an event more unique and of more interest than that of last evening when the annual initiatory exercises and banquet of the Cornelian Literary Society of the State Normal and Industrial College were held. The initiation exercises which were strictly private, were held from 7:30 to 10 o'clock, and during this time 145 young ladies were accorded the novel pleasure of "riding the goat," the largest number ever initiated at one time in the history of the society."—Greensboro Telegram.

The Telegram's reporter fails to state whether the novitiates used a side saddle or rode on the kind which requires the wearing of bloomers and bifurcated skirts.

The Post, of Salisbury, says this about the way in which the Elks of that city have made preparations for receiving the election news at their hall tonight:

"J. M. Maupin, chairman of the House Committee B. P. O. E., No. 699, has bought 25 'opossums and 20 rabbits and a 50 pound shoat which he will have barbecued and served with other refreshments Tuesday night, November 3, at the Elks' Hall. Every Elk is requested to be present, regardless of religious or political opinions. Full and complete returns of the elections will be received."

Works Like a Charm

For Female Trouble

"I recommend Cardui to my lady friends," writes Mrs. Mattie Christopher, of R. F. D. 72, Atlanta, Ga. "I think it is the best medicine for female trouble I ever took. It works like a charm. Before taking Cardui, I had suffered with female trouble for 20 years. I was irregular and suffered untold misery. I took all kinds of medicines, but none did me so much good as Cardui. Since taking it, I am regular, suffer no pain and am so much better, in every way. I cannot paise Cardui too highly. It is a wonderful medicine."

MRS. M. CHRISTOPHER
Atlanta, Ga.

Cardui is a strength-building medicine, that you need, if your female functions are disordered, or if you suffer from any female pains, such as pains in head, side, back, hip, thigh, dragging sensations, falling feelings, etc. Try Cardui. It will help you.

It was on October 29, 1884 that Rev. S. D. Burchard made the famous remark about "Rum, Romanism and Rebellion" which had so much to do with Blaine's defeat by Cleveland. It was on the same day of the same month just twenty-four years later that J. D. Rockefeller made the public announcement that he would support Taft, which is expected to play an important part in today's election. Another peculiar conicidence is that these men were of exactly the same age at time of making these statements—sixty-nine years.

The American Review of Reviews for November is fully up to this periodical's usual excellence. Under the general heading "The Progress of the World" current events in the Americas and in Europe are detailed and discussed, politics in both hemispheres figuring extensively. There are other such articles as "San Francisco's Plague War," "The Railroad as an Advance Agent of Prosperity" and articles on financial questions. This magazine is published by the Review of Reviews Company No. 13 Astor Place, New York city, at the price of three dollars a year or 25 cents a copy.

If J. Elwood Cox, the Republican candidate for Governor, is such a great friend of labor why did the Woodworkers' Union at his home, the second largest furniture manufacturing city in the United States, pass a resolution denouncing him as an enemy of organized labor and calling on laboring men all over the State to vote against him? This resolution was adopted by men who know his sentiments and his methods.

We want to see every Democrat in New Hanover go to the polls today and vote the full ticket. Every Democrat should feel it to be his bounden duty to do so.

We have not heard much down this way of late as to what is going on in the Eighth and Tenth districts, but we suppose they are all right.

If the Republicans are not badly scared and on the run they are trying mighty hard to make the Democrats think so.

CURRENT COMMENT.

—We are told in our dispatches from the Reelfoot lake region that through the prompt and effective efforts of Gov. Patterson the men responsible for and who were members of the mob that murdered Capt. Quinten Rankin have been apprehended, the proof against them secured and that as a result the majesty of the law will be vindicated and the dignity of the State maintained. The lesson is an impressive one and rebounds everlastingly to the credit of Governor Patterson.—Chattanooga Times.

—"If Archbold were to declare that Hearst had made material changes in the letter stolen from his office, which one would the public be inclined to believe?" asks The Wilmington Star. "Hearst," it adds, "starts out with the handicap of reading letters charged against him with having been stolen, which charge he has not had the face to deny." Behold the two! One a corrupter of weak public men; the other the purchaser of stolen goods, knowing them to have been stolen. A precious pair! Which is the more deserving of credence? We give it up. There is no choice among spoiled fish.—Charlotte Observer.

—Agriculturally the country has surpassed itself this year. It cannot be doubted that if industries had kept pace with the farm, this fall would have witnessed just such another condition as that of two years ago, when practically every railroad in the country was overwhelmed with more traffic than it could handle. With the steady improvement now witnessed on every side, continuing unchecked, another season will bring that condition. The railroads know it and many of them now are beginning to prepare for it. Equipment works can fill orders now with comparative promptness, whereas they will not be able to do so when flooded with rush orders to meet imminent and threatened congestion.—Atlanta Constitution

—If Mr. Bryan is defeated for the Chief Magistracy of the American Republic in this national campaign, it will be attributed to the tremendous power of the great industrial and financial corporations of the country. There would be great room for doubt that such a calamity as the control of the people of the United States by an organized money power could be possible, but when the truth is constantly coming out that some of the highest-placed men, the leaders in American politics, had been bought and sold by the great corporations and trusts, and that the evidences of such bribery and corruption were established in black and white, often in the very handwriting of the parties themselves, it is enough to create suspicions that the buying and selling had been extended to the people of great communities and even of States.—New Orleans Picayune.

—Except for the reason of excessive egotism the action of Rockefeller and Carnegie in rushing into the papers with statements that they are for Taft is difficult to account for. Certainly they are for Taft; everybody expected them to be. Roosevelt's declaration that the Rockefeller publication is a Standard Oil trick, designed to injure the Republican candidate, goes for nothing; he doesn't believe it himself and nobody else will. There are men who think their money gives them popularity or at least influence over the minds of the public, when their very wealth is a source of unpopularity to them and gives them no power whatever except as they put it out. Can it be that these two magnates, one the most odious man in the Nation, the other a man whose wealth has been acquired through tariff graft, collected off all the people—can it be that they think the country bows down to them because their wealth is beyond the dreams of avarice and only awaits their nod to determine how to vote?—Charlotte Observer.

TWINKLINGS.

—"Why don't you take your dolly along to your little friend's house?" "Her Dolly and my dolly don't speak."—Jugend.

—The Ram—What is your chief ambition in life? The Bull—To tell the truth, I would like to be given the freedom of a china shop some day.—Puck.

—Mr. Jepper—I don't believe there was a dry eye in the house when the curtain went down on the first act. Mrs. Pepper—No; but there seemed to be the usual number of dry throats.—Kansas City Journal.

—"But surely," protested the lately departed Boston girl, "you're not going to take me to the—er—infernal region?" "Only for a few seconds," replied the attendant spirit. "We must thaw you out a little."—The Catholic Standard and Times.

—"Darling, you're sleepy." "No I'm not, mamma," responded Daisy, who wanted to sit up longer and get some sweeties; "it's only my eyes are tired because they have been looking so long for some candy."—Baltimore American.

—Young Man—I should like to ask you for the hand of your daughter, sir. Father—Any bad habits? Young Man—No-o, sir. Father—Don't drink, smoke or gamble? Young Man—Indeed not, sir. Father—I'm sorry, my boy, but you and my girl would never agree. You see she's a thorough society girl.—Young's Magazine.

—Tommy, whose nose was out of joint, had been permitted to see the new baby in its bath. Where's his other leg?" he asked, eying the infant with strong disfavor. "It's doubled up under him," explained the nurse. "Yes." he sneered. "Jes' like de blamed stork what brung 'em!"—Puck.

—"Maggie," said the inexperienced young thing to the cook, "the biscuits were a sight. If you can't do better next time I will have to discharge you." "Ye will, will ye?" Maggie retorted. "I'll have ye know, mum, that I've bin workin' out two years, an' I've worked for eighty-nine of the best families in town, an' I ain't never bin discharged yet. I'm leavin' this afternoon for a better place."—Judge.

SUNDAY AT HEADQUARTERS.

The Campaign Virtually Over—Chairmen Stand by Former Estimates.

New York, November 1.—At both Republican and Democratic headquarters in this city today it was announced that the work of the respective organizations in the campaign of 1908 was at an end. National Chairman Frank H. Hitchcock of the Republican committee, and National Chairman Norman E. Mack, of the Democratic committee, are going home to vote and will return to this city Tuesday afternoon to receive returns at headquarters. Mr. Hitchcock goes to West Newton, Mass., and Mr. Mack to Buffalo.

Sunday was a quiet day in the Metropolitan tower and at the Hoffman House, details of correspondence left over from the floodtide rush of last week being about the only business attended to. Messrs. Mack and Hitchcock adhered to the forecasts given out on Friday and Saturday, the Democratic chairman contending that Mr. Bryan will receive 333 votes, and Mr. Hitchcock announcing himself as positive in his belief that Mr. Taft will have 325 votes in the electoral college. As only 242 votes are necessary to elect, both chairmen are figuring on wide margins for their respective candidates.

BRYAN CONFIDENT OF VICTORY.

Makes No Predictions, But Says Will Have Votes to Spare.

Chicago, Nov. 1.—Confident of victory at the election on Tuesday, William J. Bryan, Democratic candidate for President, left Chicago today for a tour tomorrow through Kansas. Tomorrow night he expects to reach his home at Lincoln, Neb., where he will participate in a "home demonstration."

Mrs. Bryan left the candidate's special train here today and went direct to Lincoln. More than a dozen boxes of flowers, which had been given her during the trip through Indiana on Saturday were taken home by Mrs. Bryan.

Before leaving Chicago, Mr. Bryan said: "I do not care to make any list of States in estimating the result of the election; for, while I think that the result is more certain in some States than in others, I should not want to discourage Democrats in the less certain States by making discriminations. I believe that we shall have votes to spare in the electoral college, and a considerable majority of the popular vote.

"I am very much pleased with the reports I have had from Illinois. I believe that the Republicans of this State have an unpleasant surprise coming when they read the returns from their State on election day."

TAFT'S LAST SPEECHES.

He Closes His Campaign With Three at Youngstown, Ohio.

(By Wire to the Morning Star.)

Youngstown, O., Nov. 2.—William Howard Taft is now speeding to Cincinnati, to cast his vote tomorrow.

The close of the campaign in this city tonight was a fitting climax. The time spent by Judge Taft in Youngstown was crowded with political events.

Three speeches were required of the candidate at the Park theatre, the Grand Opera House and in the public square. Preceding these the candidate reviewed a parade miles in length that was composed of many thousand uniform marchers. He was the guest of prominent Republicans at the Youngstown club for a dinner.

The last day of the campaign witnessed an increase rather a diminishing of the crowds and enthusiasm wherever Mr. Taft went.

—Greensboro Telegram: Cardenio F. King, of Boston, arrived here last night. He is the former North Carolinian and present Boston financier whose name figured so largely in the newspapers about a year ago as having suffered financial troubles so embarrassing that he fled to Europe to escape them. At present his affairs are understood to be in better shape, as he went back to Boston, faced his problem and courageously commenced its solution. At one time so extensive was his operations that he conducted, as a mere sideline, an expensive daily paper on which he is said to have sunk huge sums of money. He is an especial friend of Col. Al Fairbrother, with whom he had a long conversation at the Benbow hotel last night. This morning he goes to Burlington for a two days' stay with his mother, going then directly back to Boston.

Southern Railway passenger train No. 36 east-bound from Memphis to New York, which left Asheville yesterday at 6:56 o'clock A. M., ran off the track a few miles east of Marion, N. C. The engine, two baggage cars, an empty car and a passenger coach left the rails. With the exception of slight bruises and a bad shaking up, no one was injured.

"Jimmy" Britt, the California fighter, defeated Johnny Sommers of England in the tenth round last night at Wonderland, London. The conditions of the fight called for ten rounds at 133 pounds.

RATIONAL CURE FOR ECZEMA.

No More Dosing the Stomach—Cure the Skin Through the Skin.

When you have a scratch on your hand you wash it out and cleanse it and then the skin cures itself. You do not take blood medicine to cure a festered wound.

The best skin specialists today are agreed that the only way to cure the skin is through the skin.

The fact that eczema is a skin disease and not a blood disease is evident from statistics which show that nearly all eczema sufferers are perfectly healthy in all other ways except as to their skin. If the eczema patients were really suffering from an inward malady, the entire body and not only the skin would be diseased.

You can prove immediately the relief of a true skin cure by using oil of wintergreen as compounded in D. D. D. Prescription.

This liquid attacks the disease germs, numbing them while building up the healthy tissue of the skin. We have now handled this meritorious and thoroughly scientific remedy for so long and have seen its reliable result so many times that we freely express our confidence.

Postoffice Receipts for Month.

During the month of October the receipts at the United States Postoffice in this city reached a total of $9,914.80 which is an increase of $464.82 over the corresponding month last year. The substantial increase is very gratifying to Postmaster Wallace and his assistants, and indicates progress for Wilmington.

The People's Savings Bank is always glad to assist the children in their efforts to save money. They accept small sums on deposit. 3t

The Theatre

The Crystal Palace's new bill which went on for the first time yesterday afternoon is said to be a novel and delightful one, and will be in festive accord with the Elksfest spirit of the present week.

Both afternoon and night yesterday the Palace did a rushing business and each audience was most hearty in applause. The present bill, which will run for all week, with the usual change beginning Thursday, includes only well known vaudeville folks and they serve up a crisp and bright performance. Minor and Vincent are the comedy sketch artists of the bill and are exceedingly good, as each contributes in lively manner to the act, Miss Vincent being a comedienne. They appear in a snappy sketch and one that is away from any heretofore presented at the Palace. The Great Kalma, widely known as the "man of mystery," appears in an act of magic that is also out of the ordinary and that is prettily staged and cleverely enacted. Fred Wayne, the blackface comedian, is also on the bill and does a monologue stunt that is a hit.

At the Bijou.

The attraction at the Bijou last night was greeted by large crowds throughout the continuous performance and the audiences were generally pleased with the excellent moving pictures given. For tonight "The Brahmin's Miracle" and "The Magistrate's Conscience" will be the films, which are of high order, and will be sure to delight those who attend.

—The meeting Sunday afternoon at the Boys' Brigade Armory was well attended and the address of Rev. K. D. Holmes, pastor of Fifth Street Methodist church, was very interesting and instructive. The Fifth Street choir rendered several selections and the gathering was one of the most successful ever conducted under the auspices of the Brigade.

The sad intelligence of the death of Mr. Walter W. Smith, a son of the late P. H. The deceased was a resident of Wilmington for many years, before his departure to Boston, where he has since made his home.

THE BOARD OF ALDERMEN

Regular Monthly Meeting Last Night Largely Engaged With Routine and Unimportant Matters. Delegates to Charlotte.

The meeting of the Board of Aldermen last night at the City Hall was not important and the session lasted less than two hours. It was not called to order until 8:30 P. M. on account of the absence of the Mayor, who had expected to be at the grounds for the formal opening of the Elksfest, but who was advised later of the postponement of the exercises until this evening. The business transacted was largely routine and unimportant.

The Board was called to order at 8:30 o'clock, Mayor Pro Tem. O'Brien presiding and Messrs. Karr, Rathjen, Wood, Northrop, Ellis, French and Jewell in attendance. The minutes of the preceding meetings and various communications and reports were read and approved. Woodus Kellum, Esq., appeared before the Board and at his request the Order of Owls was granted permission to hold a carnival on the vacant lot on Castle, between Fourth and Fifth streets, provided no shows are placed in the street, the dates being Nov. 23rd to 28th inclusive.

The call of standing committees was made and in the absence of Chairman Bolles there was no report from that on Finance. At the suggestion of Alderman Wood the Baltimore Manufacturers' Record was included in the list of papers to carry the advertisement for proposals for city bonds.

Chairman Ellis reported for the Sanitary Committee that Messrs. Roger Moore's Sons & Co., had ordered new pipe for the Fifth ward drainage to take the place of the defective material and that the same was expected at any time.

The Mayor came in during a discussion of the overflow of property of Mr. Thos. F. Bagley at Second and Ann streets, and after some discussion the entire matter was referred to the Streets and Wharves Committee.

Chairman Rathjen, of the Market Committee reported the painting and repair of the main roof at Front street market house completed. Hucksters on north side of the market were granted permission to erect two small sheds to shelter them from the weather during the Winter.

Acting Chairman French, of the Streets and Wharves Committee, had no report but the Mayor stated that all the lumber had been received and the bridge repairs would soon be completed. Mr. O'Brien called attention to the seeming encroachment of new buildings on a sidewalk recently built on Miller street, leading to Oakdale cemetery. The Mayor stated that he would investigate the matter. Mr. O'Brien also called attention to the need of some one to investigate and reduce to writing the evidence in all cass of accident wherein the city is involved and suit is likely to be brought. The Mayor said he would arrange for this in future.

Chairman French, of the Fire Committee, reported that bids had been opened for new hose and recommended that 500 feet of the contract be awarded to the Gutta Percha & Rubber Mfg. Company and 1,500 feet to the Eureka Fire Hose Co., all at 90 cents. The recommendation of the committee was adopted. Chairman French reporting further renewed his recommendation for a still fire alarm system, reading a letter from Messrs. Alexander Sprunt & Son in favor of the elimination of a general alarm from the big bell. No action was taken on the suggestion.

Upon recommendation of the committee Fireman J. F. Keyes, of Hose Company No. 3, was permanently suspended and substitute W. H. Hancammon was elected in his stead.

A note of thanks was tendered to the Fire Committee for its efficient work in securing the new fire engine which is now in service.

The award of the contract for the police uniforms to D. Klein & Bro., was approved.

A proposition from L. J. Merriman to lease the Chesnut street dock for mooring gasolene launches at $25 per year, was referred to the Streets and Wharves committee with power to act, and the same committee was empowered to repair Princess street dock.

Upon motion of Mr. Northrop, seconded by Mr. Rathjen it was ordered that the Mayor and three members of the Board with the City Attorney attend the forthcoming Municipal Convention at Charlotte, Nov. 18th, as delegates to represent the city of Wilmington, expenses to be defrayed out of the public fund, Aldrmen Northrop Bolles and French being designated as the members to attend.

The matter of compiling a block book for the city, similar to that one recently completed for the county, was referred to the Finance Committee.

Department Reports.

The usual reports of departments were read and approved during the session. That of the Superintendent of Health showed 34 deaths, 14 white and 20 colored, during the month; 56 births, 22 white and 34 colored. Health officers made 5,346 inspections and issued 2,800 lime and acid orders. Four cases of diphtheria and one of typhoid were reported.

The Chief of the Fire Department reported 14 alarms during the month, the apparatus covering a distance of 120 city blocks in responding and laying 6,250 feet of hose. The total fire loss for the month will not exceed $23,000.

The Chief of Police reported 190 arrests during the month, 68 of the defendants being white and 122 colored. Fifteen were sent to the roads for 445 days and 31 to the farm for 930 days; seven were sent to the Superior Court under bonds of $475 and $189.45 was paid into the city treasury as costs from Mayor's court and $95.80 to the school fund in fines and forfeitures.

The City Clerk and Treasurer reported a balance of $23,328.66 from previous report and receipts of $23,207.40 during the month, making a total of $46,536.06. The disbursements were $21,128.88, leaving a balance of $25,047.18 to November account. Of this amount $22,962.38 was deposited with the Murchison National Bank and $2,444.80 was in cash and cash items.

Slashed With a Knife.

Returning on a car from the carnival grounds last night about 10:30 o'clock, M. L. Browning, a young white man said to be employed in one of the railroad offices here, was quite severely but not seriously cut in the side by Walter Bell, also white and employed as a blacksmith at one of the carriage shops in the city. The cutting occurred as the car reached Tenth and Princess streets and grew out of some frivolous dispute between the men. Friends of Browning are said to have been abount to throw Bell from the car when Officer Leon George came to the forward platform of the car where the difficulty arose and arrested Bell, who later gave $25 bond for his apparance in police court today at noon. Mr. Browning came down to Jarman's drug store on Princess street where his wound was given attention.

OUTLOOK ON EVE OF ELECTION

(Continued from Page 8.)

Democratic Chairman Martin reiterated his statement that the entire Democratic ticket would be successful.

OKLAHOMA.

Gutherie, Okla., November 2.—The promise of good weather is expected to bring out a total vote of between 225,000 and 250,000 in the new State. The Democrats adhere to their claim of 45,000 for Bryan and feel sure of the Legislature, while the Republicans claim both, but give no figures.

WYOMING.

Cheyenne, Yyo., November 2.—Republican forecasts indicate that Taft will carry Wyoming by 5,000, a reduction of over half from Roosevelt's majority four years ago. The Democratic leaders are hopeful that the Republican defection will prove sufficient to give the State to Bryan.

MAINE.

Portland, Me., November 2.—Maine people are little concerned about the vote in Maine, believing the State to be Republican by about 25,000.

NEW HAMPSHIRE.

Concord, N. H., Novmber 2.—The Republicans maintain that Quinby will have 10,000 plurality for Governor, while the Democrats claim that Carr will be successful by a good plurality. Democratic leaders concede that Taft will carry the State.

VERMONT.

Montpelier, Vt., November 2.—It is expected that between 50,000 and 60,000 ballots will be cast in Vermont tomorrow and that Taft will carry the State by about 25,000.

NORTH DAKOTA.

Fargo, N. D., November 2.—The Republican and Democratic leaders express confidence that their candidates will be victorious. The Democrats claim Governor Burke's re-election by at least 8,000. The Republicans assert that C. A. Johnson will be elected. The polls open at 7 A. M., and close at 7 P. M.

CALIFORNIA.

San Francisco, Cal., November 2. The Republicans tonight claim California by 45,000 plurality for Taft and the Democrats by 20,000 plurality for Bryan. The State is admittedly Republican, but the Democrats hope to break the solid Republican delegation to Congress by the election of two representatives.

VIRGINIA.

Richmond, Va., November 2.—The campaign in Virginia closed tonight with Governor Swanson speaking in the Fifth district and Senator Martin at Alexandria.

It is conceded the Democrats will carry nine of the ten districts and give Bryan 15,000 to 25,000 majority.

MASSACHUSETTS.

Boston, Mass., November 2.—Republican managers claim that Taft will have a plurality tomorrow of upwards of 90,000, and that Draper will defeat Vahey for Governor by over 60,000. The Democratic leaders concede the State to Taft, but claim that Vahey has a good chance. The hardest congressional fights have been made in the Fourth, Fifth, Ninth, Tenth and Eleventh districts.

RHODE ISLAND.

Providence, R. I., November 2.—On the eve of election both Republican and Democratic leaders express confidence in the outcome. Democratic State Chairman Fitzsimmons said Arnold would be elected Governor and he had strong hope of carrying the State for Bryan.

COLORADO.

Denver, Clo., November 2.—At Democratic State headquarters 17,000 is given as the probable plurality for Bryan and the Democratic State ticket. Republican leaders claim the State by the same figures. Both parties lay claim to the three Congressmen and the Legislature which will elect a United States Senator.

TENNESSEE.

Nashville, Tenn., November 2.—The Democrats claim the State by 25,000. The Republicans say: "The situation is well in hand."

Many negroes will vote the Democratic ticket for the first time.

WEST VIRGINIA.

Wheeling, W. Va., November 2.—Democratic Vice Chairman George I. New and National Committeeman John T. McGraw both declare the State will be found in the Bryan column by a substantial plurality. Republican State Chairman S. V. Mathews claims the State for Taft by 25,000 and for the State ticket by 20,000. He also claims the election of the five Republican congressional candidates and a Republican Legislature by a large majority. Two thousand members of Republican and Democratic marching clubs joined here tonight in a parade in unique and ridiculous costumes.

INDIANA.

Indianapolis, Ind., November 2.—There has not been an election in years in this State where there was such a feeling of uncertainty as to the outcome as it is said tonight. The Democrats are not giving out any figures, but Fred A. Sims, acting chairman of the Republican State Committee in a statement tonight said: "Basing my prediction upon the thirty-day poll, I feel safe in saying that Mr. Taft will carry Indiana by not lower than 30,000 plurality; that the entire Republican State ticket will be elected and we will elect a majority of the Legislature in both houses an probably eleven of the thirteen congressmen."

Stokes Jackson, chairman of the Democratic State committee said: "The whole Democratic and National ticket will be elected. We expect to carry the Legislature and elect ten of the thirteen congressmen."

North Carolina.

Raleigh, N. C., Nov. 2.—The situation remains unchanged in North Carolina with indications of a Democratic majority of over 45,000. The ten Congressional districts will go Democratic, Republicans only having nominees in the Fourth and Tenth.

South Dakota.

Sioux Falls, S. D. Nov. 2.—The Republicans tonight expressed confidence in their ability to sweep the State, while the Democrats were equally confident of electing their State ticket, and especially the Democratic nominee for Governor. Conservative estimates give the State to Taft.

New Jersey.

Trenton, N. J., Nov. 2.—The Republican managers claim the State by at least 30,000 plurality, while the Democratic figures are given as 17,000 for Bryan.

Iowa.

Des Moines, Ia., Nov. 2.—The Republican majorities tonight claimed that Taft would get a plurality of 75,000. Both Governor Cummins and former Congressman Lacey are claiming the nomination in the Republican primary for United States Senator by a majority of 10,000 to 20,000. In the Congressional districts Democrats are making a hard fight in the first, second and sixth. The Democrats express hope of electing their candidate for Governor.

Philadelphia, Nov. 2.—Chairman Andrews of the Republican State committee stands on his prediction that William H. Taft will have a plurality of more than one-quarter of a million in Pennsylvania. Chairman Dimeling of the Democratic State committee says his reports indicate that the Republican plurality will be greatly reduced if not entirely wiped out. The Democrats expect to win several districts from the Republicans in the Congressional fight. There is much interest in the local option fight.

Texas.

Dallas, Texas, Nov. 2.—Democrats claim the State by the usual majority. Republicans claim Taft's vote will approach that given President Roosevelt. Republicans claim a close contest in the Fourth Congressional district.

Arkansas.

Little Rock, Ark., Nov. 2.—The Republicans concede the State to Bryan and a full Democratic Congressional delegation. The Democrats claim the State by the largest majority in its history.

Alabama.

Birmingham, Ala., Nov. 2.—A steady rain which began late this afternoon will cut down the total vote cast in Alabama tomorrow. The outcome will be in no way affected.

South Carolina.

Columbia, S. C., Nov. 2.—There were no developments today in the National political situation in South Carolina, the State being conceded to Bryan by about 60,000 to 75,000 majority.

BY-LAWS ARE AMMENDED.

Privileges of Class C. Members by Chamber of Commerce.

A special meeting of the Chamber of Commerce was held at 4 o'clock yesterday afternoon for the purpose of passing upon an amendment to the constitution and by-laws proposed at a meeting Sept. 28th, to extend the privileges of Class C. members, composed of retail merchants, professional men and clerks, who pay $10 per year. Heretofore the only privilege extended to members of this class was to attnd meetings and visit the rooms after market hours. Under the amendment as proposed and ratified yesterday afternoon, in the future Class C. members have their privileges extended so they may visit the rooms at any time with all other privileges of Class A. and B. members except voting in the annual election of officers. This change is expected to result in a more general interest in the affairs of the Chamber by the people of Wilmington at large and an increased influence and usefulness.

Mr. U. M. Robinson, for the Executive Committee, reported that the new and handsome furniture for the new quarters in the David Building would arrive on the next steamer. The rooms will then be the most attractive perhaps of any rooms of their kind in the State.

TRADING STAMPS AND CHECKS.

Sheriff Cowan Instructed by State Attorney General to Investigate.

Sheriff S. P. Cowan is in receipt of an official communication from the State Attorney General directing him to investigate and report to him at once the issuance of trading stamps and checks used by a number of Wilmington merchants to ascertain if they are liable for the $300 tax provided in the Revenue and Machinery Act. It appears that the Southern Trading Stamp Company has paid the tax as prescribed by the law but that many of the smaller companies and many merchants issuing the stamps and checks themselves do not pay the tax. Sheriff Cowan is looking the matter up among the merchants and will submit the facts as to liability, etc., to the Attorney General's office as directed. He has no further interest in the matter than carrying out the instructions received from Raleigh

The men on the warpath from this city will carry along teepees, maize, pappoose straps and all other necessary paraphernalia for kindling the camp fires and following the hunt for a number of hours. The Lumberton palefaces will furnish the venison and a great time is expected.

BRYAN VIGOROUS TO THE CLOSE

(Continued From Eighth Page.)

New York office to march in the parade held in that city last Saturday night and published in a New York paper. He also said that Mr. Taft had claimed the votes of Mr. Mitchell, Mr. Duncan and Mr. Morris and other labor leaders and quoted from Mr. Gompers' speech of Sunday in which the President of the American Federation of Labor read telegrams from each stating that they were not supporting Mr. Taft but were with Mr. Gompers in his support of the Democratic ticket.

At Kansas City Mr. Bryan addressed an audience composed chiefly of laboring people. He went into an extended discussion of the labor issues and also denounced the Republican party for its alleged trust leanings, saying that "there is not a financial pirate in this country that is now supporting Mr. Taft; there is not a commercial bedouin in the United States that is not supporting Mr. Taft."

Referring to Mr. Roosevelt's denial of Standard Oil support, he asked: "Didn't this administration give to the Standard Oil Company a monopoly of a pipe line across the Isthmus of Panama in spite of Mr. Shonts' protest? Didn't the administration deposit enough money without interest in Mr. Rockefeller's National City Bank that if the interest on that money were collected after it was lent out it would more than finance a National campaign? That bank has made enough money loaning from the Government deposit that it had, without interest, to make a sum larger than our entire campaign fund."

Speeches were made at Leavenworth, Atchison, Everest, Hiawatha, Sabetha, Seneca, Axtel, and Marysville to gatherings said to be the largest ever assembled in those cities. In each Mr. Bryan also discussed the guaranty of bank deposits, the tariff, the labor planks of the Democratic platform and the panic. At each place the audience was enthusiastic and considering the size of the cities the largest the candidate ever addressed.

HIGH SCHOOL VICTORIOUS.

Won From Cape Fear Academy in Well Played Football Contest.

The Wilmington High School eleven matched for honors with the Cape Fear Academy team in a well played contest at League Park yesterday afternoon and added another victory to their well-earned game of Saturday, the score yesterday being 9 to 0. It was a snappy and intresting game from the start and was witnessed by many admirers of each aggregation, who lustily cheered their favorites.

Fifteen-minute halves were played and the High School team scored in both. Craft made a touchdown in the first half and in the second LaMassina made four points on a drop kick from the 30-yard line, ending the game in a score of 9 to 0.

The High School team is making arrangements for a game with Goldsboro here during the latter part of the week, the date to be announced later.

KITCHIN DAY IN WAKE.

Great Rally of Democrats in Raleigh Yesterday—Speeches.

(Special Star Telegram.)

Raleigh, N. C., Nov. 2.—This was "Kitchin Day" in Raleigh and the next Governor received a tremendous ovation from Raleigh and Wake county Democracy. There was a great parade at noon, escorting Mr. Kitchin to Moore's Square where speaking continued until 4 o'clock. Mr. Kitchin covered the whole scope of State and National politics and made a special appeal for wet and dry Democrats in Wake county to get together and roll up the usual majority. It was one of Mr. Kitchin's very best speeches and he declared the crowd one of the very largest and the most attentive and responsive audiences of the whole campaign. He left here for Durham where he closed a strenuous campaign tonight.

How to Get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong; He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complains. RUSSIAN PRINCE THE SMALLEST

Although 32 Years of Age, This Mere Sprig of Humanity Weighs But Sixteen Pounds.

One of the most interesting features of the Elksfest is the Russian Prince, who is, without any doubt, the smallest man in the world, only weighing 16 pounds; 27 inches high and 32 years of age, and the best part of the show is that he is looking for a wife, and this being leap year no doubt many of the young ladies of this city are taking advantage of the opportunity by asking him the question, but nevertheless the Prince is going to look them all over before he makes a pick as he is kind of suspicious of the girls.

"Have you found a wife, Prince?" asked a reporter yesterday morning.

"Yes. I have one at the boarding house and I think that she is one of the prettiest girls that I ever saw. You ought to come along with me some evening and see her," remarked the Prince.

"I will take you up on that,' remarked the reporter.

"Well, if you do go down with me I want to warn you that if you make any attempt to cut me out there certainly will be trouble," said the Prince.

This concluded the conversation.

PORT STATISTICS.

Receipts of Cotton and Naval Stores During October.

From statistics posted at the Chamber of Commerce yesterday, the cotton receipts at the local port during the month of October show a decrease in comparison with the same month last year, but at the same time are large. The average daily receipts on the local market during the past month were not over 3,500 bales. During the first of the month the daily receipts were much heavier than during the past 15 days, the largest number of bales having been received during this specified period being 6,576, on October 7th. The price of the staple during the month has averaged about 8 7-8 cents for middling.

The total foreign exports for the month are 153,408, against 153,650 same month last season, which shows a small decrease, the receipts of the month having been 111,564, against 139,384 during October last year. On November the 2nd this year there were 7,090 bales ashore and 15,089 bales afloat, while last year on the same date there were 26,391 ashore and 19,993 afloat. The receipts for the crop year from September 1st are 175,217 against 201,629 for the same period last year.

General Iredell is a grandson of a brother of the distinguished James Iredell, who was an Associate Justice of the United States Supreme Court. He is now in Raleigh to call on his kinsman, Col. Chas. E. Johnson, and will go from there to Edenton, N. C., where the remains of his grand uncle are buried. Then he goes to Columbia, S. C., to visit Gen. The Chairman stated in this connection that while upon recommendation of the grand jury the county had been awarding these contracts each month to the lowest bidder, he believed that the feed could be purchased in quantities in the open market at less than the monthly rate. He recommended that this plan be adopted.

Upon recommendation of the committee to which the matter was referred, the Board declined to reduce the assessment on property of the Ocean View Hotel property recently burned at Wrightsville Beach.

THE TORTURES OF BARBARIANS

Are Mild In Comparison to The Excruciating Pangs of This Agony.

CAUSE BODILY DISTORTIONS

Pain That Has Been Known to Drive Men Mad—Its Victims Pray for Death to Relieve Them.

There was an unusually large attendance last night at Col. Frank A. Dillingham's healthfest on Fourth between Church and Castle streets. Mr. Alva A. Mills, the lecturer in charge delivered one of the most interesting talks of the season; one that commanded the closest attention of the audience, which showed every appreciation of the valuable hints on health contained in Mr. Mills talk.

"The form of affliction that is probably responsible for more down-right suffering than any other disease, is rheumatism. The excruciating pangs of this dreaded malady are equal to the most fiendish torture ever devised by barbarians. We see men and women, old and young, hobbling along the streets of Wilmington every day who are victims of this terrible affliction. It twists and distorts the limbs of the sufferer into those of a cripple, and, when it reaches the heart, the victim's miseries are ended.

The primary cause of rheumatism is the derangement of the kidneys, which fail to expel the uric acid from the system and it is then taken up in the blood, by which it is carried to various parts of the body. The accumulation of a deposit of this uric acid at any point in the human system means an attack of rheumatism at that spot. When it settles in the muscles, it is called muscular rheumatism; if it settles in the joints it is called articular rheumatism; a deposit of uric acid in the hips results in sciatic rheumatism ,and so on through all the various forms of this disease all of which are attributable to the same cause: deranged kidneys and uric acid in the system. Dillingham's Plant Juice is a positiva uric acid solvent and will cure all forms of rheumatism."

Plant Juice has cured thousands of cases of rheumatism since its introduction in this State, a statement that is substantiated by the testimony of the persons benefitted. Its well known worth in the treatment of diseases has resulted in a remarkable demand in Wilmington, the druggists of this city reporting sales of Plant Juice that exceed that of any other remedy ever offered the people of this section.

ALL WRONG.

The Mistake Is Made by Many Wilmington Citizens.

Don't mistake the cause of backache
To be cured you must know the cause.
It is wrong to imagine relief is cure.
Backache is kidney ache.
You must cure the kidneys.
A Wilmington resident tells you how.

Mrs. M. W. Moore, 510 Princess St., Wilmington, N. C., says: "I cannot say too much for Doan's Kidney Pills, as I never used a remedy that gave me such good results. I suffered from dull, nagging backaches which made it almost impossible for me to obtain a comfortable position. I was also caused much annoyance by the irregular action of the kidney secretions. When I read about Doan's Kidney Pills, I purchased a box from Robert R. Bellamy's drug store and started taking them. They soon cured me and I have had no kidney trouble since. I have told several of my friends about Doan's Kidney Pills and will continue to recommend them whenever I have an opportunity."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Last Rally of Campaign Last Night at Lumberton.

(Special Star Telegram.)

Lumberton, N. C., Nov. 2.—The last grand Democratic rally of the campaign in this county was held at Union Chapel today. There was a large attendance, composed of many influential Croatans as well as white people. Speeches were made by Hon. G. B. Patterson and Messrs. J. A. McDougald and R. E. Lee. This is considered one of the best meetings which has been held in the county. Reports from the various Democratic clubs throughout the county received today indicate that there will be a Democratic majority of about 2,200. However, Chairman Geo. B. McLeod says 2,000 is a conservative estimate.

SPIRITS TURPENTINE

—Edenton, N. C. Transcript: William J. Bryan was at the Lorraine Hotel last week, but not the one who wants to be President. This was a "Commercial tourist."

—Durham, Oct. 31.—Eva Bumpass and Van Ray, colored termagants, fought this evening on Peabody street and the Ray woman cut the throat of her enemy absolutely wide open. The injured woman ran a block, fell on Main street and in a moment was attended by several doctors. The carotid artery was severed and before the blood could be stopped she had bled to death.

—Goldsboro Argus: "Tag Day" was a great success today, and the Hospital will be greatly aided by the result in the aggregate. Nearly everybody today wore a tag—and our colored people, who are the best colored people in all the world—entered into the charitable work, too, with commendable liberality, in recognition of what the Hospital is doing for their race, also.

—Charlotte Observer: The remains of Mrs. J. W. McNair, who was the widow of a deceased physician of McColl, S. C., were taken yesterday morning to that place on an early train for interment. She died Friday afternoon at the Presbyterian Hospital, after two weeks' illness. She was the sister of Rev. H. G. Hill, a Presbyterian minister of Maxton. A son and daughter accompanied the remains home.

—Tarboro Southerner: During a performance of the wild animals at the carnival Friday night, the lady trainer was attacked and severely clawed on the right arm by a black bear. The attack occurred so suddenly that the large audience thought it was a part of the performance. After severely chastising the animal, the trainer withdrew from the performing cage and had the injured member dressed. The wound was not serious.

—New Bern Journal: A representative of the Regimental Association of Rhode Island, has completed arrangements with Mr. J. W. Moore, proprietor of the Gem Hotel, of this city, for the accomodation of a party of gentlemen who will be in New Bern from the 13th to 19th of November, during which time they will unveil a monument in the National cemetery, erected in the memory of the dead soldiers who fell near New Bern in the bloody conflict of the Civil war during the years of '61-65.

—Winston Journal: For an hour and three quarters, Hon. W. W. Kitchin, Democratic candidate for Governor, held the attention of an immense crowd at the Elks' Auditorium last night. The crowd literally packed the lower floor and the galleries of the building, while the enthusiasm was intense, the crowd frequently bursting into hearty and enthusiastic applause at every pause in the address. Although Mr. Kitchin was not at his best, owing to the fact that he had already spoken to over three thousand people for three hours in the open air at Wilkesboro, nevertheless his voice penetrated the remotest corners of the building with telling effect, while his every word was eagerly listened to by the audience.

—Winston Sentinel: The Daughters of the Confederacy have made a most commendable move in determining to establish, in conjunction with the home for soldiers at Raleigh, a home for the wives of the inmates of that home and for widows of soldiers who need help. They are going to petition the legislature to help them do this, and of course the legislature will do so, if Democratic, and of course it will be Democratic. The Republicans have raised a great cry about the soldier, but they cut out that plank of the platform they are circulating among the voters, and they never put a Confederate soldier on their ticket. The Democrats nominated two—Dr. Dixon and Maj. Graham. The State under Democratic rule is giving $400,000 a year to the soldiers.

—Rockingham, Oct. 31.—Mr. J. T. West, of Rockingham, has obtained a patent for a block signal system for railways which is unlike any other system now in existence and has many very excellent and superior features. A system constructed in accordance with this invention is composed of two current-carrying rails along the track, which are provided with prearranged numbers of insulated sections that open and close the circuit when contact is made by two trains. The engines of such trains are provided with a signalling device with numerals on a dial ranging from 1 up to 10 or 20, as may be required to represent in miles the length of a block between stations. These groups of insulated sections placed at suitable intervals, one or two miles apart, along the circuit rails are to open and close the circuit in progressively varying numbers as the contact shoe, carried by the engine, passes over them. The signalling devices serve to receive such impulses and to indicate a number of signals on the dial in another engine in the same block, no matter how far away it may be. The second train entering a block would be located by the engineer on first train with the exact precision as would the number of a room be indicated in a hotel indicator when the electric button is pressed in that room. Engines are provided with a telephone connected in each of the signalling circuits, whereby the engineer on the respective trains may be put in audible communication with another train should it be running at full speed.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, Nov. 2.—New high records for the season were made in the cotton market today with heavy realizing for over election day readily absorbed, and the close was steady at a net advance of 2 to 6 points. Sales were estimated at 225,000 bales.

The market opened steady at an advance of 3 to 8 points in response to better cables than expected, and after selling off to about the closing figures of Saturday on the more active months, rallied again, reaching the highest level late in the day when prices reached a net gain of 5 to 10 points. The close was only slightly off from the top under realizing. Trading was very active at the beginning of the day and again toward the close, when large blocks were promptly absorbed, but was rather quiet during the middle of the session. Wall street houses were good buyers on all soft spots.

Estimates of tomorrow's receipts at Galveston were record breaking, but the day's exports from that port were also very heavy and the movement appears to exert little influence.

Private cables reported that there was to be a meeting in Lancashire tomorrow which, it is hoped, will result in the settlement of the labor troubles.

Receipts today were 61,146 against 61,923 last week and 65,632 last year; for the week 425,000 bales against 447,682 last week and 366,177 last year. Today's receipts at New Orleans were 10,237 bales against 18,243 last year and at Houston 25,159 bales against 9,055 last year.

Spot cotton closed quiet, 5 points advance; middling uplands 9.40; middling gulf 9.65; sales 1,151 bales. Futures opened steady and closed steady.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Nov. 2.—The cotton goods market opened very strong; some selling agents have withdrawn their lines till after election. Cotton yarns are firmer with an advancing tendency. Raw silk is higher. Dress goods continue quiet. The market will be closed tomorrow on account of election day.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)

New York, Nov. 2.—The tenor of the stock market today was reflective of the determination to meet the situation after the election from the greatest possible vantage points. Prices were quietly and persistently lifted during the session, some of the leading stocks selling at the high level for the year and the average level of the list coming to the election period not far below that.

The Union Pacific earnings were made the nominal reason for the recovery in that stock to the highest price of the year. Further reports coming to hand of railroad earnings for September given out today showed heavy declines in gross earnings and the cut in operating cost sufficiently only partly to offset this loss. The same thing was apparent with the minor trunk lines, Erie, Norfolk & Western, and Chesapeake & Ohio being amongst those reporting today.

Money on call held at the firmer rates established in connection with the November settlements. Programme of the government finances was cleared up by the intimation of a coming issue of $50,000,000 of Panama canal bonds, the proceeds of which will be used to reimburse the treasury for expenditures already made on that work. Copper rose again at the local metal exchange. A stock market holiday abroad substracted something from the day's dealings.

Bonds were easier. Total sales, par value were $4,714,000. United States bonds were unchanged on call. Total sales of stocks today were 546,300 shares.

—A Curious and rather sad exemplification of the distance we have traveled as a people from the ways of Democratic simplicity toward the methods of Old World aristocracy is furnished by the death on Friday night of Mrs. William Astor. The passing of this seventy-eight-year-old lady was treated by press and public as if the deceased had been a national character, and in New York especially, where she had long been a leader of society, the cry that went up was, "La Reine est mort!" And yet it is hard, at first blush, to see by what right Mrs. William Astor's passing was made the subject of so many lengthy and rather extravagant eulogies. She was not very rich, so far as riches are counted in these days, though she was related to many of the moneyed powers of the land. There is nothing in any of the biographical notices about her to indicate that she was talented to a high degree. But in some mysterious and subtle way she had won for herself—or had been accorded—the position of leader of New York society, and in her way she possessed enormous power—socially. To the man or woman desirous of reaching the select inner circle of New York's social life the imprimatur of Mrs. Astor was a necessity. Money did not count, talent did not count; if Mrs. Astor took up the social beggar at New York's gates, immediately all houses were opened and the candidate's position was assured.—Washington Herald.

Depositions in a suit by L. P. Pairo, of New York, to recover $1,000,000 from H. M. Atkinson, president of the Atlanta, Birmingham and Atlantic railroad were taken in Atlanta yesterday. Pairo claims that he was entitled to half the profits of the railroad and he places these alleged profits to date at $2,000,000. Mr. Atkinson on the witness stand said Pairo was employed as a civil engineer and was not entitled to any share in the profits.

KERN'S FINAL APPEAL TO LABOR

Says The Battle is Won if Labor Stands Firmly by Its Leadership.

LAST SPEECH AT TOLEDO

Kern Made Vigorous Tour in Ohio—If Labor Vote Scatters It Will Receive No Consideration From Either Party.

(By Wire to the Morning Star.)

Toledo, O., November 2.—"If labor only stands firmly and loyally by its leadership its battle is won and from this time forward it will be a potent factor for good in American politics. If it scatters and fritters away the power which it might exert at the ballot box it can expect to receive no consideration at the hands of either of the great political parties."

With this amonition to workmen who constituted a large part of the big audience that crowded into Memorial Hall here tonight, John W. Kern brought to a close his labors for the success of the Democratic National ticket. His itinerary today took him from Toledo, where he arrived at an early hour after an all night ride from Indianapolis through Continental, Paulding, Mount Relief, Bryan and Defiance.

At Bryan, Mr. Kern talked to an audience composed largely of farmers, upon the alleged evils of Republican rule.

His audience at Defiance tonight packed the big hall to overflowing and a second meeting was held in an annex.

"The vitality of organized labor," Mr. Kern said, "will be severely tested in tomorrow's election. Its power for good or evil in the future depends largely upon the willingness of its membership to stand together."

After reviewing the mission of labors leaders at the Democratic convention at Denver, Mr. Kern said in part:

"Since that time all the powers of organized wealth has been exerted to break the ranks of organized labor thus formed after the Denver convention. A few men in labor organizations either weak or venal, have deserted the banner of their organization the great body, however, has remained true to its colors. A few days ago Judge Taft enrolled the name of John Mitchell as one of the deserters but the gallant Mitchell promptly nailed this slanderous declaration of the Republican candidate and on yesterday assured Gompers of his eternal fidelity to their cause.

"For years Bryan has been regarded as the champion of the rights of the toiling. He has suffered because of his devotion to their cause. During this period Judge Taft has been regarded as the father of injunctions" and as the champion of principle inimical to the interests of labor. We confidently expect that the laboring men of this country will be true to their cause and stand together not for the vindication of the principles for which they have so long contended. The issues of tomorrow's battle rest with them. They must take the responsibility for defeat, or if they will but rally about Bryan's standard entitle themselves to the honor of the victory."

Mr. Kern left tonight for his home in Indianapolis.

AMERICANS IN CHINA.

Jackies and Officers Cordially Received—Memorial Tablet to Lee.

(By Wire to the Morning Star.)

Amoy, China, November 2.—The feature of the entertainment on shore today for them of the visiting American battleships was the football match between elevens from the Virginia the Ohio. The eleven from the Virginia won with a score of 22 to 0. Midshipman Herbert L. Spencer of Tills, was umpire; Midshipman Frank R. Berg, of Mississippi was referee; Ensign Roland M. Brainard, of the Louisiana, was timekeeper and Midshipman Edward G. Washburn, Jr., of the Culgoa, was linesman.

The men were later given a lunch at the reception grounds and then visited the theatres. Seventy-six officers were entertained at lunch today by the foreign community at Amoy. The Americans were greatly pleased at finding on the club grounds a memorial tablet to General Robert E. Lee and designating a flourishing ivy vine that was brought out from his grave in 1908.

The American consul Julean H. Arnold, entertained at dinner the admirals and commanding officers of the fleet, Prince Yu Lang and other Chinese dignataries. A dance was given the Amoy Club in the evening, fully 100 American officers being present. This was followed by an elaborate supper and a magnificent display of fire works.

The steamship Thelma, from Crystobal, Colon, arrived at Mobile yesterday battered from an experience with a terrific hurricane on October 16 and 17 near St. Andrews island. Captain Kampfjord reports the storm the most severe he ever experienced.

OUTLOOK ON EVE OF THE ELECTION

Rival Managers Still Predicting Victory For Their Candidate.

NEW YORK STATE'S VOTE

Will Probably Determine How the Election is to Go—Chairman Mack Claims 50,000 Plurality in New York.

(By Wire to the Morning Star.)

New York, Nov. 2.—With the election day at hand, with fair weather and a heavy vote indicated throughout the United States, the rival managers of the Republican and Democratic campaigns closed their desks at the headquarters tonight, declared respectively that Taft and Bryan would win and then hurried away on late trains to cast their ballots, Mr. Hitchcock at West Newton, Mass., and Mr. Mack at Buffalo.

For Mr. Hitchcock the end of the campaign means a rest for the first time since he set out to round up Taft delegates to the Republican National convention on last Spring. Mr. Mack gives up his pre-election work with the satisfaction, his associates say, of having brought the Democratic party into greater unity than for many years past. He has conducted a vigorous campaign and says he believes the party to be in a better position to win the election than at any time in its history.

Mr. Hitchcock will return tomorrow afternoon to receive the returns.

Mr. Mack left for Buffalo shortly before 10 o'clock and also will be back in the city tomorrow night.

The polls in New York city will open at 6 o'clock tomorrow morning and close at 5 P. M. The same rule holds throughout practically all parts of the State and the indications are that the New York State vote will be the first to be flashed over the wires tomorrow night as giving an indication of how the election is to go. This at least, will be true of the counties and cities outside of Greater New York. Voting machines are extensively used up the State and the results will be known almost as soon as the polls close. It was said that four years ago Erie county, in which Buffalo is located, first told President Roosevelt of his approaching victory. The count of the vote in New York City, Brooklyn and surrounding boroughs is likely to be slow and long delayed.

What effect the Independence party will have upon either of the old parties is a matter of conjecture.

The Socialist leaders, basing their claims upon the receptions to Eugene V. Debs, are confident that they will poll a greater vote than ever before.

Republican Chairman Hitchcock declared today that late reports received from National Committeemen and State chairmen strengthens his faith in the estimate of 325 electoral votes for Mr. Taft made on Friday night.

Before leaving for Buffalo tonight Democratic Chairman Mack gave out a final statement, claiming victory for Bryan and Kern. He asserted that New York State would give the National ticket a plurality of 50,000 and that Ohio and Indiana will surely go Democratic. He declares that the party would carry most of the other doubtful States, and, in addition, would carry some States that they have not claimed. He adheres to his forecast of 333 votes for Bryan and Kern. During the day Mr. Mack talked with Samuel Gompers and as a result of their conference the National chairman said that he was convinced that the labor vote would remain true to the party. "All that is need to win," said Mr. Mack, "is to poll our full vote and see that it is honestly counted."

The chairman announced that a reward of $1,000 would be paid by the National committee for the detection and conviction of any person engaged in election frauds.

Secretary Loudenslager, of the Republican Congressional committee closed his headquarters here at noon today. He said he was confident that the returns would verify his predictions as to the next Congress. This forecast, given out last week, is Republicans 227, Democrats 164.

The New York State campaign did not end until well toward midnight, Governor Charles E. Hughes making ten speeches in Greater New York during the day and evening. His Democratic opponent, Lieut. Governor Lewis E. Chanler, spent the day in his home county of Duches and made a number of speeches to his neighbors.

The puzzle as to the outcome of the State contest was apparently no nearer solution tonight than at the beginning of the campaign and both sides are claiming the State by overwhelming majorities. At the Democratic State headquarters confidence was expressed that New York would go for Bryan and Kern and Chanler.

Jacksonville, Fla., November 2.—The political situation in Florida closed quietly tonight. Republican leaders concede the election of the entire Democratic ticket by a plurality of 15,000 to 20,000.

GEORGIA.

Atlanta, Ga., November 2.—The night before election Democrats of Georgia went to bed serenly confident that they would carry the State for Bryan and roll up the usual Democratic majorities for both the State and National ticket.

KANSAS.

Topeka, Kas., November 2.—With the actual close of the campaign in Kansas, Republican State Chairman Dolly increased his claim, saying the Republican State and National tickets would be elected by pluralities of close to 35,000 and that all eight Republican Congressmen were safe.

BRYAN VIGOROUS TO THE CLOSE

Lincoln Accorded Him Greatest Demonstration in Its History.

SPENT DAY IN KANSAS

Delivered Strong and Forceful Speeches to Enthusiastic Audiences. Expressed Confidence in Democratic Victory.

(By Wire to the Morning Star.)

Lincoln, Neb., November 2.—The greatest demonstration in the history of Lincoln was given to William J. Bryan by his fellow townsmen tonight on the accasion of his return to his home at the close of his campaign. Non-partisan in character, it was participated in by Democrats and Republicans and the Democratic candidate was driven through streets and cheered by almost entire the population of the city. The reception was tendered to him as a citizen of Lincoln rather than as a candidate and in his speech he avoided all reference to party issues. In the parade which followed his automobile from the union station, however, many political transparencies were carried.

Mr. Bryan reached his home city at 8:30 o'clock tonight on his special train coming direct from Kansas, where he had spent the day in a final whirl of speech-making. His train was met at the Union station by a tremendous crowd, and as the score of carriages and automobiles forming his immediate escort started across the viaduct from the railroad station the great parade fell in line behind him. The parade moved through the main street of the city through solid masses of cheering people and returned to the Hotel Lincoln where Mr. Bryan spoke overlooking the public square. A great shout rose from the multitude filling the square as he appeared. He was introduced by Frederick C. Sheppard, president of the Bryan Club, and spoke for half an hour.

Mr. Bryan's speech was greeted with vociferous cheers. The candidate was moved to tears as he made an affectionate referenc to his wife, and when he closed the demonstration accorded him was such as he rarely had experienced in his three campaigns.

"I believe that I am going to be elected," he said. "More than that I belive that it is going to be more than a bare victory. I believe that there is a stirring of the conscience of the American people, a moral awakening, an uprising that means a sweeping victory and I will swear in your presence that no one who votes for me will ever have occasion to be ashamed of the vote he casts."

The speech of Mr. Bryan follows:

"I shall not make a political speech tonight among my neighbors. As the recipient to those who live beside him. There are many unpleasant features in public life but its reward far outweigh its unpleasant part, and nothing has occurred in my life that I appreciate more than the cordial reception that you have given me in my home city at the close of this campaign. To have lived among you with the publicity that attaches to the presidential campaign and then to have this evidence of your good will, makes this night memorable in my life. While it has some times been humiliating to have it thrown up to me in other parts of the country that my city has never given me a majority, (voices "We will give it to you this time")—while I repeat it is humiliating, yet as a matter of fact, I have always had a large complimentary vote from the Republicans of Lincoln. When I ran for congress in 1890 I was only defeated in this county by a little more than 400 and when I again ran for Congress in 1892, I was only defeated in this county by a little more than 300 and even in the heat of Presidential campaign I have always had a large number of votes from men who are not connected with the political party of which I am a member and if this fact were known there would be so much of criticism because I have never carried this city with its large Republican normal majority, and I want to thank the Republicans who in the past have given me their votes. Without the votes of many Republicans I would not have been elected in 1892 for my majority was only 140 and without that election I would not have been nominated for the presidency in 1896 and therefore I can feel grateful to the Republicans who gave me my start and whose votes became absolutely necessary on that occasion. Whatever the Republicans of Lincoln may do in the future, they have done enough in the past by laying the foundation for my political career to make me their debtor while I live.

"My friends, I am at the end of my third Presidential campaign. Tomorrow fifteen millions of voters will decide whether I am to occupy the seat that Washington, and Jefferson and Jackson and Lincoln occupied (Applause and cries "You will") You will have your part in that victory or in that defeat."

Close of Campaign.

Marysville, Kan., Nov. 2.—W. J. Bryan concluded his campaign before an enthusiastic audience here tonight. It was the last political speech, his address at Lincoln being non-partisan. His peroration was delivered with all the earnestness at his command and as he declared that he had given an impulse to honest politics and helped to create a sentiment in favor of reform, he was wildly applauded. Mr. Bryan said in part:

"Ladies and Gentlemen: I am now 48 years old. It is eighteen years since I began my political career as a candidate for Congress. I told the people of my district that if elected I would not try to get their hands into other people's pockets; that I would simply try to keep other people's hands out of their pockets. For 18 years this thought has run through every speech and act. I have tried to apply to Government the Jeffersonian maxim of 'equal rights to all and special privileges to none.' I have tried to help make this Government a Government of the people, by the people and for the people.

"For 18 years you have had a chance to scan my every speech and act. While Republican leaders have disappeared as the result of investigations I have invited the scrutiny of my opponents and have outlived their criticism and their misrepresentations. I know not what the future has for me. I know not whether it is the people's wish that I shall be their spokesman in the White House or continue to perform the work which I have tried to perform as a private citizen; but I have not lived in vain. I have given an impulse to honest politics; I have helped to create a sentiment in favor of reform, and as a candidate I have but one thing to rely upon—the confidence of the masses in my fidelity to their interests. My opponent has behind him all those forces which are considered potent in politics; but I would rather have the love of the people, the affection of the multitude in whose behalf I have fought, than to hold any office. If I enter the White House, I shall enter it free to keep the pledges I have made, free to serve wtih singleness of purpose. If I am elected I shall for four years devote whatever energy I have and whatever ability I possess to the one object of making this Government again a Government in which the people rule and under which every citizen shall draw from society a reward proportionate to the service which he renders to his fellow men.

"Our fight is won and we await the verdict with confidence. The people will not be deceived by the padded straw votes published by the partisan newspapers, by the sham bets of Wall street gamblers or the boastings of the panic-stricken Republican leaders.

"The Republican candidate has behind him an array of office-holders, trust magnates, most of the leading newspapers and an enormous campaign fund so tainted that he dare not let the people know where it comes from until after they have voted, and that part of it that is contributed to the Republican Congressional committee will not be known even then.

"I have behind me the awakened conscience of the country and the sentiment in favor of popular government which demands the election of United States Senators by direct vote.

"I have behind me the victims of the trusts who are pleading for relief, the laboring men whose petitions have been rejected by the Republican party, the depositors whose savings are jeopardized by the carelessness of bank officials and the consumers who have been exploited by the beneficiaries of the high tariff.

"All of these people see in a Democratic victory their only hope of relief and they know that with the election of a Democratic President and a Democratic Congress backed by a popular verdict in behalf of Democratic policies the way is open for remedial legislation.

"The Republican leaders have been weighed in the balance and have been found wanting; they have betrayed the rank and file of their own party and have left the Democratic party to voice the honest sentiment of the honest citizenship of the country, Republican and Democratic.

"And, I may add, we expect in this campaign the votes of all reformers, for the Democratic party is the only party that can bring at once the reforms which the people need.

"The Republican party is the open foe of labor and, having posed as enemies of the trusts, now join hands with Rockefeller, Harriman and Carnegie in supporting the Republican party which is today the champion and bulwark of all the trusts.

"What a spectacle the Republican campaign presents at its close, a Republican candidate trying to repudiate the support of the trust magnates, who are coming out from under cover and announcing their loyalty to him and at the same time trying to claim the support of labor leaders like Mitchell and Duncan and Morris, who are openly repudiating them. Surely the hour has come for a return of the Government to the hands of the people. Let the people rule."

Commencing at Kansas City, Kan., Mr. Bryan talked today in towns and cities through the State. In every speech he delivered he referred to the effort of the President and of Mr. Taft to deny the support of Mr. Rockefeller and the trust magnates and quoted from a fac-simile confidential letter issued by the Standard Oil Company ordering the employes of its

A NEW BOOK BY A FAMOUS AUTHOR

Mrs. Mary J. Lincoln, author of the famous "Boston Cook Book," has just written another book of recipes, the "Pure Food Cook Book." It is interesting to note that in a number of recipes Mrs. Lincoln has recommended the use of a vegetable oil cooking fat, called COTTOLENE. Lard, being made from hog fat is often impure and always indigestible. It is claimed for COTTOLENE, however, that it can be used in every way that lard is, that it makes light, rich, delicious pastry which can be digested with ease by the most delicate stomach, and that it is also more economical than lard, one-third less being required.
